VBScript

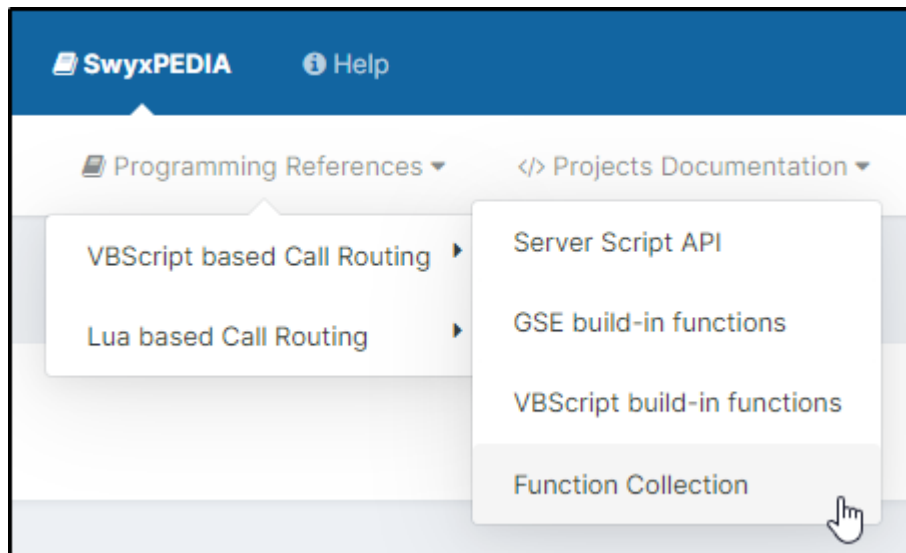

Lua

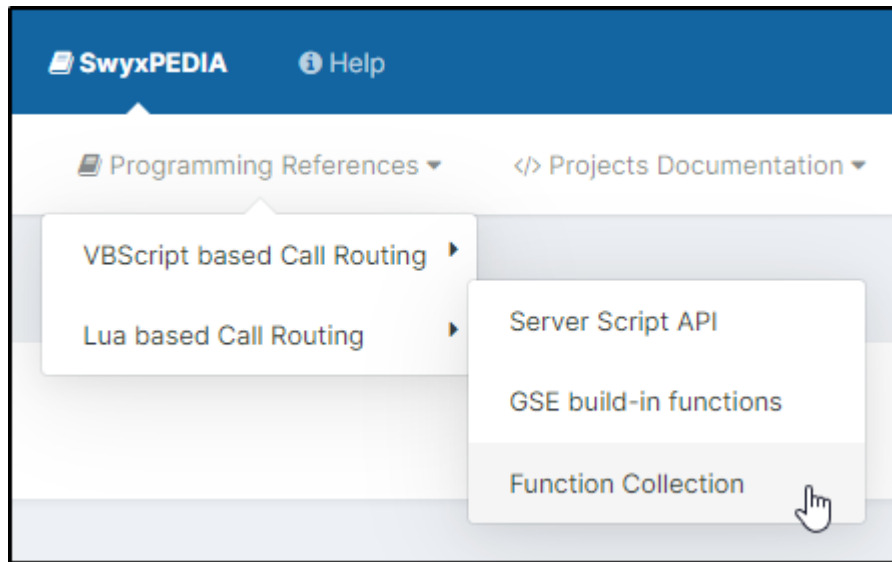

After having brought the **Server Script API** and the **GSE build-in function** documentation into a new format for VBScript and Lua based call routing, the next logical step was to do the same with the huge **function collection** from the [ECR - Useful Link Collection](#) page.

So here you have it:

- [Function Collection \(VBScript\)](#).
- [Function Collection \(Lua\)](#).

And of course you will find it also easily reachable in the page menu:
