About This File

Original Author: Mirjam Baumberger

Hello Swyx Community

Here is a modified version of a very popular SwyxIt! skin which includes four additional Short Dials per Speed Dial. Three functions are available with SwyxIt! 6.x , opening the chat window will be available with SwyxIt! 6.12

The function included, which of course can also be modified, are:

- **Intrusion** > is a shortcut with number callto:[extension]*24*1#
- **opens up the chat window** > is a shortcut command: instantmessageto:[name]
- **transfer to voicemail** > Speed Dial
