This article is taken from the Swyx Forum Archive (2007-2014) and was originally posted 27.05.2008 by Tom Wellige.

The **Swyxus Forumus** was discussed in a blog article I wrote about a Swyx-Tours trip for a "SwyxECR for Developers" training at the premises of MTV in Surrey, London.

I will not quote the entire blog article, but just the relevant part:

### Quote

[...]

to finally heading for the [National History Museum](#) to search for the evidence of a **very special species** ...

## Additional Documentation

### Programming References

#### VBScript based call routing

- Server Script API
- GSE build-in functions
- Function Collection
- VBScript build-in functions

Is it this one ???

### **Lua based call routing**

- Server Script API
- GSE build-in functions
- Function Collection
- Programming in Lua

### **Projects Documentation**

- Open Admin
- Open CDR
- Open ECR Extensions
  - Freshdesk Integration
  - Freshservice Integration
  - Invision Power Services (IPS) Integration
  - Jira Service Integration
  - Longest Waiting
  - Persistent Variables
  - Zendesk Integration
- Open Queue

or this one ???

Or do you know how the **Swyxus Forumus** looks like ?

Suggestions welcome!
